

Hi-Line Contractors SW Ltd **NEWSLETTER**

November 2011 Website Edition

Thank you

Mark Dumbleton would like to thank everyone who worked on the recent shutdown in Seaton. The weather was awful all day and everyone on site worked hard throughout.

Julie with “Deadly 60” Steve

For those of you with children, and maybe those without, you will be green with envy to know that over Halloween weekend Julie met Steve Backshall and the Live ‘n’ Deadly team whilst they were filming for the BBC in Devon. Attending the filming with the Devon Bat Group, Julie was asked to talk about everything bats to the BBC. The series is being shown on CBBC at the moment.

Julie and Steve Backshall

Recommended Chainsaw List

Following the recent quarterly Health & Safety meeting it was agreed that a recommended chainsaw list should be provided by Hi-Line to all employees. Please find attached the list of chainsaws that the company recommend. Obviously we do not expect you to replace your existing chainsaws if your current one is not on the list but when you do need to buy a new one please refer to this list and buy accordingly.

Employee Health & Safety Representative

Steve Ayerst has been appointed the employee Health & Safety Representative for everyone working on WPD. Ashley Griffiths has been appointed the employee Health & Safety Representative for everyone working on Private. They will attend all of the Health & Safety Meetings and will bring up any issues that you have brought to their attention. Please contact Steve or Ashley with any issues that you feel you would like added to the agenda of the next meeting which will be held in January. If there are any urgent Health & Safety issues that you would like to raise before then please either contact Steve, Ashley, Joel or Kirsty.
