

Recommended chainsaws

The chainsaws in the lists below are the ones that we as a company recommend for general all round arboricultural use. We have taken into consideration the power output, max bar length and weight of the chainsaw.

This is not an exhaustive list as we have only concentrated on two of the manufacturers that are currently the most used throughout our company. Any other makes and models can be added to the list as and when their suitability has been agreed by Hi-Line.

Stihl

Model	Power Output KW/BHP	Max Bar Length	Weight
MS200t	1.7/2.3	16"/40cm	3.6 kg
MS201t	1.8/2.4	14"/35cm	3.7kg
MS201	1.8/2.4	14"/35cm	3.9kg
MS241	2.2/3.0	18"/45cm	4.7kg
MS271	2.6/3.5	18"/45cm	5.6kg
MS261	2.8/3.8	18"/45cm	5.2kg
MS291	2.8/3.8	18"/45cm	5.6kg
MS341	3.1/4.2	20"/50cm	5.5kg
MS391	3.3/4.5	20"/50cm	6.4kg
MS362	3.4/4.6	20"/50cm	5.9kg

Husqvarna

Model	Power Output KW/BHP	Max Bar Length	Weight
T425	0.96/1.29	10"/25cm	3kg
T435	1.5/2.01	14"/35cm	3.4kg
435	1.6/2.2	18"/45cm	4.2kg
440	1.8/2.4	18"/45cm	4.4kg
339XP	1.8/2.4	18"/45cm	4kg
445	2.1/2.8	20"/50cm	5.1kg
450	2.4/3.2	20"/50cm	5.1kg
353	2.4/3.22	20"/50cm	5kg
455	2.6/3.5	20"/50cm	5.8kg
460	2.7/3.7	20"/50cm	5.8kg
346XP	2.7/3.7	20"/50cm	5kg
357XP	3.2/4.4	20"/50cm	5.5kg
365	3.4/4.6	28"/70cm	6kg
560XP	3.5/4.7	24"/61cm	5.6kg
